INTACT EDGE OF EDUCATION & SCHOLARSHIP

# A Message From Our Founder

**Manish Mehta**  
Founder

My Dear Fellow Citizens,

India is known as a knowledge capital for the entire world since centuries. We were known for imparting quality education without any discrimination. Takshila, Nalanda were the examples where scholars expanded their knowledge and wisdom horizon without any biasness and partiality. Following the same principal we are very much delighted to introduce IEES Scholarship. We are here to dissolve monetary hurdles and redefine the crux of finance & education opportunities in today's world.

Focusing on bringing a pathbreaking change in our existing education system. IEES Scholarship program is curated to transform the lives & future of young Indians.

I would like to invite all Educational Institutions i.e. Schools, Colleges, Universities, Coaching Centres & Teachers to spread this message so that ultimate benefit can be reaped by torchbearers of this country.

I extend my best wishes to every citizen for their bright future.

JAI HIND

## Problems

**Limited Opportunity:** Current offers are field specific depriving many deserving candidates of fair and equal chances.

**Inadequate Funding :** Insufficient financial support fails to cover basic education expenses adequately.

**Exclusionary Criteria:** Scholarships are often unavailable for private, distance learning, correspondence or open University courses.

**Exam Preparation Costs:** Scholarship generally neglect expenses for entrance test preparation (e.g., CLAT , CAT , JEE, CUET) which can be substantial.

**Competitive Exam Aspirants:** Schemes often overlook individuals preparing for various competitive exams, leaving them without support
